Toastmasters honors and recognition	Club Sponsor – Zenith City Toastmasters 8/20/2012 Triple Crown Award – 2/2013
How has your Toastmasters experience most benefited you both personally and professionally?	I have had opportunities that have presented themselves because our toastmaster skills were observed by others. I have enjoyed a new found confidence in myself, which is directly attributable to Toastmasters. I have had career advancements or employment changes as a result of my Toastmasters activity.
What lessons did you learn from Toastmasters?	I have learned to practice, and to keep practicing. I have learned about persistence, and listening. And I have learned that my perceived limits are not real.
What key strengths would you bring to the role?	I bring enthusiasm, communication skills, and experienced proven leadership to this position. I also bring a great attitude that rubs off on people. I bring the skills and abilities necessary to teach. I also

	<p>embody all of the Toastmaster's values of integrity, respect, service, and excellence.</p>
<p>Why do you want to serve in this position?</p>	<p>I have the personal goal to give some of my many blessing back to my community and society in general. This is a great way to help, and to gain more Toastmasters experience at the same time.</p>
<p>In your opinion, what are District 6's major objectives and how would you work to achieve them?</p>	<p>District 6's major objectives are to build new clubs, and to support the existing clubs, and help them achieve excellence. I would help my area governors assist their clubs in strengthening their membership, and assist in building new clubs that are strong, and built to last. I would do this by keeping in contact with my area governors, supporting them with anything they need, and providing direction and training for them.</p>
<p>Additional information you would like us to know:</p>	<p>I've had an enjoyable year as area governor. I have learned that some problems take longer to resolve than I'd like, and, that a solution to a problem does not have to be the solution I had imagined it would be. I feel like I've made progress with my clubs, their strength and their members. I have a support base that will assist and guide me as I need during my year as a Division Governor, which consists of many toastmasters who care about me, and the Toastmasters organization.</p>
