

Linda Dorn Bio

Linda Dorn joined Toastmasters in January of 2017 and is a member of the Northfield Community Toastmasters, Community Spirit, and Lakeville Toastmasters clubs. Since joining Toastmasters, Linda has served as a Vice President of Membership, as Area 45 Director, and as a Pathways Guide. She currently serves as a Vice President of Education, President, Club Coach, and as the Division E Director. Linda is excited about the prospect of continuing her service to District 6 as the Club Growth Director. If elected, she plans to:

- partner with the district 6 leadership team and her fellow Toastmasters to discover and create new opportunities for club growth and development;
- build membership and retention initiatives;
- develop and share resources for membership promotion; and
- guide club rescue efforts in the district.

Linda has experience in alumni engagement, volunteer management, training, and club growth efforts—she would be honored to put these skills to work to help District 6 with club expansion, membership, and retention efforts. Professionally, Linda works for Carleton College as a Stewardship Specialist and as a Community Faculty member at Metropolitan State University. She received her BA from Concordia College, Moorhead, MN and her Master's degree in e-learning technologies from the University of St. Thomas.
