The R.U.L.E. of Harmony

BLESSED ARE THE PEACEMAKERS

In the last few months the world has been going through times of stress and this stress has brought to the surface the reality of how polarized we are. You, me, all of us, want to, and have the right to live safe, healthy and happy lives. But in order for that to happen there must be more harmony and a coming together of all people. In this session, international speaker Steve Donofrio will share with you his simple principle called, "The RULE of harmony". You will learn how to build meaningful relationships with those around you who look, think and believe differently and you will be inspired to go out, come together and be ambassadors of change."

R – RESPONSIBILITY – Take Personal Responsibility for YOU

U – UNDERSTAND – Seek to Understand BEFORE Seeking to be Understood

L – LEADERSHIP – Lead in Your Actions and Your Words

E – ENGAGE – Engage in Relationships – Engage in Positive Change

PASSION is the Currency for Change.
